- BYOM MacBook's cannot be insured through the school
- Insurance is not possible past 1 year, due to the device only being at school until the end of Year 6, UNLESS the device will be handed to another child
- A \$250 excess fee applies to each insurance claim made
- Because devices are purchased 'tax free' through the school, a FINAL residual payment is legally required when the device leaves the school. All devices get factory reset, and therefore it is the responsibility of the end user to back up files.
