Grade 2 Incursion Robots Come to You

Principal: Susan Lee

Dear Parents/Guardians,

In line with our fourth unit of inquiry we have organised an exciting incursion for our grade two students. **Over Tuesday the 6th, Wednesday the 7th and Thursday the 8th and Friday the 9th of August 2019**, we will have the incursion, **"Robots Come to You"** at Seabrook Primary School. Each of the grade two classes will be presented with a 120 minute interactive science program.

This is an exceptional, hands on experience not to be missed, which will provide students with the opportunity to **Explore, Explain, Engage, Elaborate** and **Evaluate** their learning using robotics. It will allow them to develop their creative and critical thinking skills by designing and building their own robotic vehicle and using coding to control movement of their invention. This incursion will also promote and enhance co-operative teamwork and problem solving skills.

This will be a rewarding learning experience for your child. It is an engaging and educational technology incursion, providing an opportunity for every grade two student to extend their knowledge and understanding of the central idea **"Ideas and creativity change the way we live"**.

Please return your payment of \$17.00 and your signed permission envelope by Thursday the 1st of August 2019.

**Payment options are cash, credit card, Qkr or CSEF.
Qkr closes at 9am on Thursday 1st of August.**

Thank you.

Grade Two Teachers

INCURSION PERMISSION SLIP

"Robots Come to You"

*(Please fill in and return to your child's teacher by **Thursday 1st August 2019**)*

Name of student: _____

Grade: _____
