## Our classroom looks like...

Neat, bright, welcoming, organised, students working on tasks, creative, students work on display, a 'home away from home'.

## Our classroom feels like...

A safe place, a place to focus and learn, a place where we are challenged, a place where we feel supported by peers and teachers.

## Our classroom sounds like...

We use our inside voices, quiet when we work independently, discussion during group work about the task.

When the class is working well, we will receive a marble in our marble jar.

When the marble jar is full, we receive a class reward.

We are rewarded independently with our class economy, where we can purchase prizes on Friday.

## When we are not doing the right thing...

1. You will receive a warning from the teacher.
2. You will receive a second warning
3. You will lose a designated amount of money from our class economy.
