Grade 2 'Operation Empathy' Incursion

Dear Parents/Guardians,

In line with our first unit of inquiry '**Heroes reflect our beliefs and values,**' we have organised an incursion that will be conducted by Values for Life. They will present a session titled '**Operation Empathy.**' The session is designed to help students think about the people they share their home, classroom, school and world with. The incursion focuses on working as a member of a team and community and how we can best cooperate, communicate, appreciate, encourage and thrive when part of a team. Through a variety of **interactive activities, games, discussion, stories, multi-media, and video** the workshop helps students to enact empathy by thinking about putting themselves in someone else's situation and taking positive actions that create a stronger community.

This is a valuable, hands on learning experience which encourages students to explore their individuality and others around them. It will be really beneficial for your child to attend this educational and engaging incursion coming soon to Seabrook.
