Miss Easson has simplified your life by creating an interactive child-friendly visual art website. She spent many, many hours creating it, so she hopes you appreciate its simplicity, ease of use and engagement for you and your child. It is where your child can explore and access their remote learning visual art tasks each week.

Instructions are simple (she get straight to the point) and tasks are engaging (children don't need you by their side all the time)

Have fun exploring the visual art website here:

<https://info887988.wixsite.com/visualarts>

View your child's weekly work here (F-6):

<https://info887988.wixsite.com/visualarts/year-level>

Tip: Miss Easson suggests that you bookmark the visual art website on your mobile or other devices so you/your child can easily access weekly work. (Google: how to bookmark)

If you have any issues with the website please contact Miss Easson through XUNO so she can make changes ASAP.

If at any point, you or your child are finding it challenging to complete the visual art work each week PLEASE get in contact with Miss Easson so she can make alternative arrangements for you and your child.

Your child's visual art learning is important to Miss Easson

Happy creating!

Renee Easson
